Looking for Summer Internship 2018

---

## Summary

I have 3 month experience of internship in a web development company. I am pursuing bachelor's degree in Computer Science and Engineering. I worked on Java, server side language like PHP and scripting languages like JavaScript.

---

## Experience

Web Developer at Google Developer Group - Bharati Vidyapeeth's College of Engineering (GDG BVP)

August 2017 - Present

Intern at Mindmyweb

September 2017 - January 2018 (5 months)

I was PHP developer in Mind My Web for over 3 months. I was given various task during this period. I wrote codes on PHP language for 'www.medtalks.in', 'www.redpawsshop.com' and 'www.artforconcern.org'. I mostly worked with PHP-Mysql on server side and sometimes with Javascript and jQuery on client side.

Volunteer at Umeed-A Drop Of Hope

November 2016 - October 2017 (1 year)

I was volunteer in Umeed for over 9 months. I was given various task during this period. My work was mainly focused on spreading awareness about the importance of Environment. We carried out "Walk for environment" for awareness regarding environmental changes, "Walk for Water" for the people facing scarcity of water in slums and rural areas of South Delhi. We also conducted various "Cloth distribution events" among the low wage workers and their families.

Summer Intern

June 2016 - July 2016 (2 months)

I along with my fellow intern was tasked to conduct an assessment of various slums in West Delhi from the perspective of launching a new module of the Learning Rewards Program. I conducted a desk study of location and size of slum clusters, visited the identified short-list of slum clusters and collected information, examined the Learning Rewards model in detail and assessed the feasibility of implementing the model in the new locations based on the underlying requirements.

---
